Note: 1. Gross Enrollment Ratio defined in accordance with UNESCO's definition, expressed as a percentage of the eligible official school-age population corresponding to the same level of education in a given school year.  
 2. Implementing the Early Childhood Education and Care Act, kindergartens and nurseries were integrated into preschools. The early childhood education is now known as preschool from school year 2012. This field only includes kindergarten data until the school year 2011.  
 3. The Gross Enrollment Ratio of preschool has been changed since school year 2013. Gross Enrollment Ratio = (total number of students in preschool, early intervention institutes and special education schools) ÷ (total population of school-age children aged 2-5).
